

DUNEDIN COMMUNITY FORUM

OLDER PEOPLE: ACCESSING ENTITLEMENTS

12pm Friday the 22nd August
Dunedin Community House
301 Moray Place

Over 20% of people in Otago are, or are about to become, eligible for the NZ government pension and related entitlements (Goldcard, assisted living, veteran benefits, etc). We think it is important that our community know what they are eligible for, and exactly how they can obtain it. We also think it is important to discuss what is, and isn't, working.

For these reasons Law for Change Otago, the Dunedin Community Law Centre, and the Council of Social Services Dunedin are hosting a Community Forum to enable a better understanding of the current pension process and how it might be improved. Come and join us over your lunch break and help us continue a conversation around these important issues!
